

SNAPPY SHOTS

Guests can preserve the memory of your event with **SNAPPY SHOTS PHOTOGRAPHY**.

Wanted Posters and other photo backgrounds are great souvenirs. Individuals or groups can have their pictures taken in front of the green screen and everyone in the picture gets a print to take home. **SNAPPY SHOTS GREEN SCREEN** photographs can include your company logo and the date of your event.

By using the latest in wireless technology, our photographers can stroll around the room taking candid shots of your guests. Although the **SNAPPY SHOTS CANDID** photographs will not include a special background, the photos can include your company logo and a special message.

As they are snapped, Green Screen and Candid photos can be projected onto a screen for the entire room to share in the fun. Those photos can share space with videos, guest welcomes, product roll-outs or your company trivia with our **SNAPPY LIVE** feature. Guests can get your messages subliminally, when they glance to the screen to check out their photos – a great way to reinforce messages from your meeting.
